

CORPORATE ENVIRONMENTAL GUIDELINES

The Company's aim is to achieve environmentally sound and efficient management practices in its operating, exploration and production activities, and to minimise the degradation of and impact on surrounding eco-systems.

The objectives of the Company's environmental programme are to:

- comply with the applicable environmental laws, regulations, tenement and permit conditions as a minimum standard for its environmental practices and management procedures;
 - integrate environmental and rehabilitation processes into exploration, production and distribution activities;
 - liaise with government bodies, statutory authorities, local communities and environmental management groups to maintain a proactive environmental stance on environmental issues;
 - facilitate the education of employees and contractors in relation to their roles and responsibilities in environmental management with respect to the Company's activities, and
 - regularly monitor, audit and review its environmental procedures or practices as appropriate, to reflect the Company's corporate responsibility in environmental matters.
